STEPS

CREATE SITE

The screenshot shows the WordPress 'Let's create your site' setup page. The browser's address bar displays the URL: `wordpress.com/setup/new-hosted-site/options?source=sites-dashboard&ref=hosting-flow`. The page title is 'Let's create your site'. The first section, 'Give your site a name', features a text input field containing 'My Hosted Site' and a 'Generate' button. A lightbulb icon with the text 'Don't worry, you can change it later.' is positioned below the input field. The second section, 'Pick your primary data center', includes a subtext: 'Your site will replicate in real-time to a second data center in a different region. [Learn more](#)'. There are two radio button options: 'Optimal data center' (selected) with the description 'Automatically place my site in the optimal data center.', and 'Custom data center' (unselected) with the description 'Choose the data center that best suits your needs.' A blue 'Continue' button is located at the bottom of the page.
